

REMARKS

In response to Notice of Allowability dated September 21, 2005 please amend the specification as presented above. Applicants wish to thank the Examiner for the indication of allowance and the thorough examination. Applicants wish to amend the claims as presented above to clarify the language in view of the description on page 9, lines 18-21 of the translation of the international application. Applicants believe that the amendment to the claims do not introduce any new matter, or do not necessitate further substantive examination. Accordingly, Applicants respectfully request entrance of the amendment under 37 C.F.R. §1.312 and prompt issuance of the patent.

Respectfully submitted,
